GRADUATE TESTIMONIALS

Mark & the Team: Doing Master Prac was really worth the effort. I have learnt a lot that will be invaluable in my business and will stand me in good stead with my clients. However the biggest learning's have been about myself and how and why I do "me". With this has come the ability of "not doing me" in different contexts, giving me a huge insight into what could be better fuller and more rounded in my life. I have enjoyed working with you all. The support from the team has been great. Thank you.

Jan Fisher

Mark's commitment to us all is amazing! The entire course was extremely well presented. Many thanks to all the "people at the back"!! Richards, Renetta's and Patricia's skills in particular were highly valued in study groups and throughout the course. Thank you Mark and Eileen for providing this opportunity to us all! SPECIAL!

Jason Lewis

Mark was excellent – Keep doing what you doing...I found Eileen's sessions fun. Master Practitioner training has been very interesting for me and given me great insights! Specifically - many, many, many more options for me to use – whatever and whenever I choose. I feel I have gained a lot.

Sarah Caunter

Mark was amazing – the multilevel of his training demonstrated to me that I have not and cannot, now ossify in thinking. NLP Master Practitioner training has turned me around and given me greater understanding of me so that I can now have a greater understanding of others. I feel I have gained so much more confidence in myself.

Cliff Evans

Mark was brilliant. Thanks Mark for your guidance on this journey. I particularly want to thank you for creating a safe environment for me to face those challenges and do the things I didn't think I could do. Thanks for the faith in me. For me, NLP Master Practitioner training has been a challenging, fun, inspiring, challenging and changing journey and I have gained belief in myself

Robynne Beech

Mark was fantastic: encouraging, supportive. Thank you for changing my life; bringing me out of my darkness into a world of opportunity and giving me the challenge to live life differently and that life is what we make it and that I can make it anything I want! NLP Master Practitioner training for me has been LIFE CHANGING – challenging and bringing new awareness for me to be 'the best I can be' and given me a whole new awareness about people and myself. I have gained LIFE, opportunity and unlimited possibilities; a challenge to be much more than I dreamed and not necessarily perfect but excellent.

Kerrie Smith

Simply super. Master Prac has been an enlightening and inspiring adventure that has re-awakened my dreams and passions in life. It has given me the opportunity to understand myself at a level far beyond what I thought I could. I leave the room today knowing that I am walking into a world of opportunities, many of which would have remained transparent to me if I had not allowed myself this experience. Thank you! Mark is a fantastic trainer and educator of NLP. Mark, you have appeared to me to have made some massive shifts in life that have allowed you to become who you are. I can only commend you for that and have the utmost admiration and respect for you for doing that. Long may you remain doing what you are doing Mark. You are great. Thank you.

Mal Winnie.
